

# CREST Audit & Compliance Services

## International Multiplier Tiers

Nimble Global applies these regional multipliers to our standard service rates for all international engagements. These tiers reflect the complexity of conducting compliance assessments across different jurisdictions, accounting for regulatory density, language requirements, documentation standards, and operational complexities. The multipliers ensure our pricing accurately reflects the additional resources required while maintaining consistent quality across all regions we serve.

### Tier 1 (Standard): Base rate × 1.0

- Canada
- United Kingdom
