

Active Risk Management

STAFFING

Drive Productivity with Incident First Workflow

- Increase visibility into utilization to identify job sites impacting insurability
 - Enhance productivity with real-time insights and mobile-first platform
 - Return talent to work faster with streamlined claims management
-

Digital Platform for Mitigating Claims

- Improve risk and safety efficiencies to control workers compensation costs
 - Reduce claims frequency and severity to lower overall costs
 - Lower insurance premiums through improved claims experience
-

Enhanced Team Collaboration

- Promote a culture of safety and accountability across operations
 - Focus on serving customers rather than reacting to accidents
 - Attract and retain superior risk management talent with mobile-first tools
-

Contact Nimble Global today to implement Active Risk Management and transform your staffing operations.
